CMS Mandated Transition to ICD-10

CMS has confirmed October 1, 2015 as the final date for the mandated transition to ICD-10

A graphic with a blue background and an orange border. At the top, it says "COUNTDOWN TO ICD-10" in white. Below that is a white box with a blue header containing "DAYS", "HOURS", "MINS", and "SECS". The numbers "72", "8", "40", and "35" are displayed below the header. At the bottom left, there is a logo for "ICD-10" in orange with the tagline "Will Change Everything" in blue. To the right is the AAPC logo, which includes a caduceus symbol and the letters "AAPC" in blue.

| DAYS | HOURS | MINS | SECS |
|------|-------|------|------|
| 72 | 8 | 40 | 35 |

ICD-10
Will Change Everything

ICD-10 Historical Timeline

CMS and AMA Announce Efforts to Help Providers Get Ready for ICD-10

“Medicare review contractors will not deny physician or other practitioner claims billed under the Part B physician fee schedule through either automated medical review or complex medical record review based solely on the specificity of the ICD-10 diagnosis code as long as the physician/practitioner used a valid code from the right family. However, a valid ICD-10 code will be required on all claims starting on October 1, 2015.”

– cms.gov

State Readiness List for Non-Covered Entities

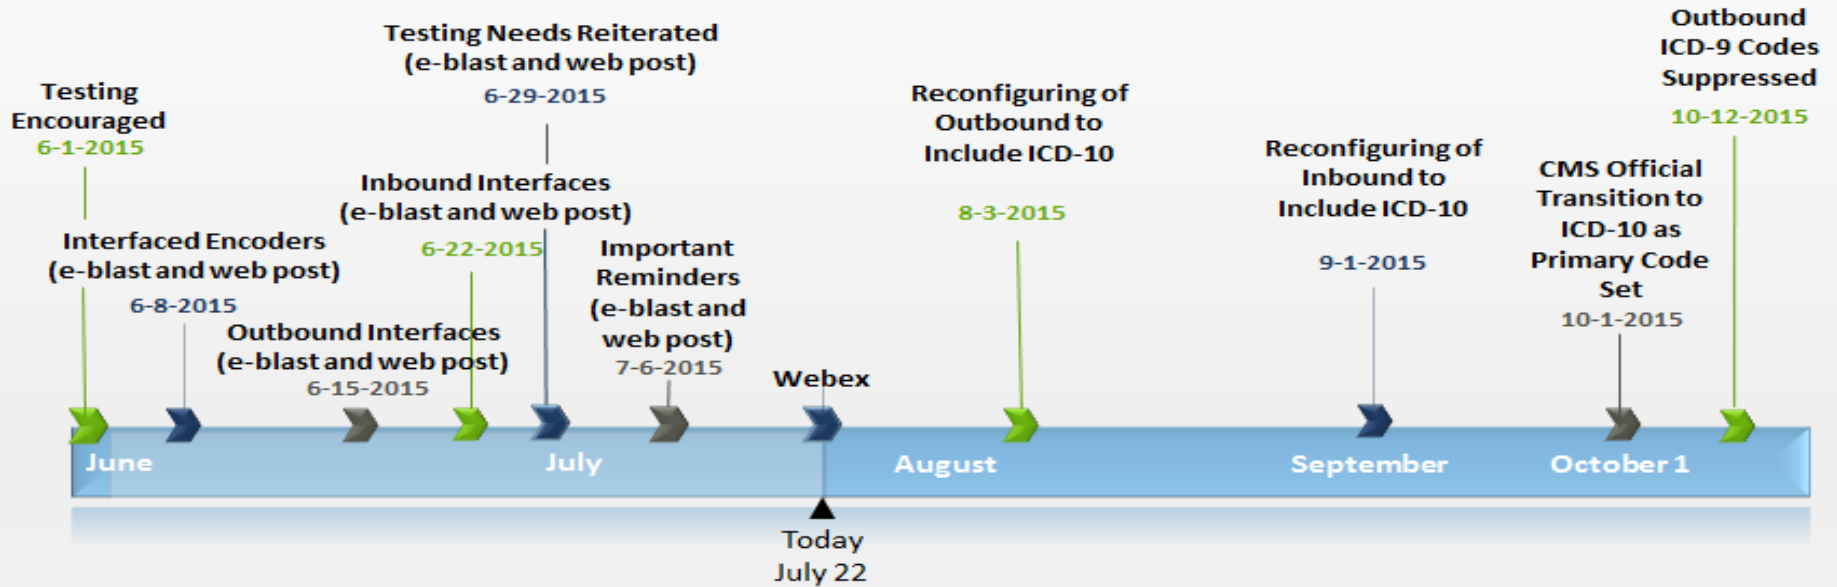

WEDI ICD-10 Workers' Compensation State Readiness List as of 3/3/15

| States | Adopting ICD-10 | Not Adopting ICD-10 | Status Unknown | States | Adopting ICD-10 | Not Adopting ICD-10 | Status Unknown |
|---------------|-----------------|---------------------|----------------|----------------|-----------------|---------------------|----------------|
| Alabama | | | X | Montana | | | X |
| Alaska | | | X | Nebraska | | | X |
| Arizona | | | X | Nevada | | | X |

Topics to Be Covered

- Evident prerequisites for ICD-10
- Review of preliminary testing
- Timeline for modifications
- Best practices

Facility Poll

Is your facility actively using the New Groupers to double-code accounts in both ICD-9 and ICD-10?

Yes

No

Please submit your response here

Categories for Prerequisites

- Thrive EHR
- Encoder Interfaces
- Outbound Interfaces
- Inbound Interfaces

Thrive EHR Prerequisites

- New Grouper
(User Login enabled with appropriate Rule Based Security)
- Clinical Vocabulary
- Thrive Version 1919.19 *(for latest development)*

Encoder Interface Prerequisites

- New Grouper
(User Login enabled using appropriate Rule Based Security)
- Thrive Version 1919.19
(for latest development)
- May require additional settings specific to your vendor to enable ICD-10 code set
- Double-coding (both ICD-9 and ICD-10)

Benefits to Double-Coding

- Allows coders to become familiar with the ICD-10 code set while still coding in ICD-9 for claim submission.
- Review of physician documentation to ensure necessary information available to meet ICD-10 specificity.
- Allows for DRG and reimbursement comparison between ICD-9 and ICD-10.

Reconciliation Required to Import Double-Codes into Thrive EHR

The screenshot displays the CPSI EHR interface. At the top, the window title is 'CPSI' and the user is identified as 'BERNARD J SUMNER'. The menu bar includes 'File', 'Help', and 'Lock Session'. Below the menu bar are navigation buttons for 'Home', 'Charts', 'E-Sign', and 'Reports'. The main header area shows patient information: 'MAI LEO', 'Pt Type: 2', 'Account: EVIDENTS', 'Service Code: aA', 'Sex: Financial Class: BB', 'DOB: 07/25/1973', 'Age: 41', 'MR#: MARENO JO HOSPfac0002', 'Attending Phy: MARENO JO HOSPfac0002', 'Service Dates: 06/08/2015 - 06/08/2015', 'Disc Cd:', 'Total Charges: \$0.00', and 'Bill Date:'. A toolbar with various icons is located below the header. The main content area is titled 'Reconcile Diagnosis' and is split into two columns: 'Imported ICD9's' and 'Imported ICD10's'. The ICD9 column contains two entries: '19889 POA: Y Second Malignant Neoplasm NEC' and '1970 Reason for Visit Second Malignant Neoplasm Lung'. The ICD10 column contains two entries: 'C7989 POA: Y Secondary malignant neoplasm of other specified sites' and 'C7800 Reason for Visit Secondary malignant neoplasm of unspecified lung'. At the bottom of the screen, there are four buttons: 'Associate Selected', 'Remove Associations', 'Remove', and 'Review'.

Reconcile Diagnosis

| Imported ICD9's | Imported ICD10's |
|---|--|
| 19889 POA: Y Second Malignant Neoplasm NEC | C7989 POA: Y Secondary malignant neoplasm of other specified sites |
| 1970 Reason for Visit Second Malignant Neoplasm Lung | C7800 Reason for Visit Secondary malignant neoplasm of unspecified lung |

Associate Selected Remove Associations Remove Review

Outbound HL7 Interface Prerequisites

- New Grouper
(User Login enabled with appropriate Rule Based Security)
- Thrive Version 1918.54
(1919.19 for latest functionality and enhancements)
- Vendor readiness
- Reconfiguration of interface to include ICD-10

Example Outbound HL7 Diagnosis (DG1)

Diagnosis coding

DG1.3.1

DG1.3.2

DG1.3.3

DG1|1||25000^DIABETES W O COMP TYPE 2 UNSPECIFIED^I9||
DG1|2||1158^OTHER SECONDARY HYPERTENSION^I10||

Specifications of HL7 segment (single code per segment)

DG1.3.1 Diagnosis Code

DG1.3.2 Description

DG1.3.3 Code Set Indicator

Example Outbound HL7 Procedure (PR1)

Procedure coding

PR1.3.1

PR1.3.2

PR1.3.3

PR1|1||44.42^SUTURE OF ULCER SITE^I9||
PR1|2||IOFB03ZX^EXCISION OF LIVER^I10||

Specifications of HL7 segment (single code per segment)

| | |
|----------------|---------------------------|
| <i>PR1.3.1</i> | <i>Procedure Code</i> |
| <i>PR1.3.2</i> | <i>Description</i> |
| <i>PR1.3.3</i> | <i>Code Set Indicator</i> |

Important Dates for Outbound Interfaces

- August 3, 2015 – Evident will begin reconfiguration for sites that have not contacted us.
- At that time, outbound messages will include both ICD-9 and ICD-10.
- October 12, 2015 - Outbound ICD-9 will be suppressed.

Inbound HL7 Interface Prerequisites

- Reconfiguration of interface to include ICD-10
- Thrive Version 1919.19
- New Grouper
 - (User Login enabled with appropriate Rule Based Security)*
- Vendor readiness and configuration

Example Inbound HL7 Diagnosis (DG1)

Single Diagnosis Code

DG1|1|||IOFB03ZX^EXCISION OF LIVER^I10||

Multiple Diagnosis Codes (single code per segment)

DG1|1|||IOFB03ZX^EXCISION OF LIVER^I10||

DG1|2||IC9101^ACUTE LEUKEMIA^I10||

DG1|3||S9030XA|^CONTUSION OF UNSPEC FOOT^I10||

Inbound HL7 Interface – Important Notes

- Double-coding (both ICD-9 and ICD-10) for a single interface message is not supported.
- Each diagnosis or procedure code must be in its own segment.
- Reconfiguration is required.

Review of Preliminary Interface Testing

- Testing proven to be successful.
- While some vendors are ready, others are not.
- Configuration for DG1/PR1 segments can be removed if vendor not using.

Recommended Best Practices

- Double-coding an appropriate number of accounts each day using the New Grouper.
- Clinical Documentation should include key coding concepts.
- Take into consideration non-compliant payers.
- Validation of all interfaces.
- Communicate and Train!

Results from Poll

Is your facility actively using the New Grouper for coding?

Questions and Answers

Please submit your questions using the Q&A window on the right-side of your Webex session.
